## I-1082: TERM LIMITS ON TAXES - ROUND 2

### HERE'S WHAT IT DOES

**BALLOT TITLE:** This measure would require state tax increases to expire after one year unless approved by a majority of vote of the people, and terminate tax increases imposed in 2019 and 2020 without such approval.

Olympia in 2019 imposed 11 new taxes costing 27 billion dollars. I-1082 terminates ALL of them. These are all of the tax hikes I-1082 would terminate:

- \* New payroll taxes (HB 1087): \$8,036,110,541
- \* New property sales taxes (REET - SB 5998): \$1,747,300,000
- \* New fuel taxes (MTCA - SB 5993): \$2,760,000,000
- \* New taxes on bank customers (SB 6016): \$367,900,000
- \* New taxes on bank customers (HB 2167): \$1,035,700,000
- \* New taxes on border business customers (SB 5997): \$311,759,000
- \* New taxes on travel agent customers (SB 6004): \$30,100,000
- \* New taxes on vaping customers (HB 1873): \$207,135,000
- \* New taxes on online buyers (SB 5581): \$1,039,261,000
- \* New taxes on service business customers (SB 2158): \$3,097,600,000
- \* New property taxes (SB 5313): \$8,661,000,000

Total: \$27,293,865,541 (YES, that is BILLIONS of YOUR Hard Earned Money)

I-1082 puts those dirty dog politicians on a short leash!
