

**Bob Ferguson brags about taking my home,
breaking up my marriage, & leaving my bank accounts empty.
What a small, vindictive, soul-less little bully he is.**

My dearest friends:

Bob Ferguson recently sent out a press release bragging about taking my home, breaking up my marriage, and leaving my bank accounts empty.

He sent it out the morning of the *Eyman v Ferguson* hearing in Olympia (at that hearing, the AG suffered a humiliating defeat: the judge sided with me and ordered an advisory vote on the Democrats' \$3.9 billion Cap & Trade bill be put on this November's ballot for a vote).

Exactly as he intended, the media didn't report on our court victory, instead they focused on printing word-for-word the AG's press release, generating the headlines Ferguson wanted:

Tim Eyman forced to sell house

Eyman loses home in Mukilteo

Anti-taxer Tim Eyman forced to sell home

Washington anti-tax
initiative promoter
forced to sell house

The AG always fundraises off his press releases and he's made an impressive profit from it:

Ferguson has spent over \$3 million of taxpayer money going after me (so far).

That's more than all other cases in the last 10 years combined!

Ferguson got the judge to rubber-stamp what he wanted: \$5.6 million in fines against me and a ridiculously unconstitutional lifetime ban on all my future political activity.

"THE FLAK ONLY GETS HEAVY
WHEN YOU'RE
OVER THE TARGET."

Yet despite all that, he still felt the need to send a press release bragging about his "success" in taking my home, breaking up my marriage, and leaving my bank accounts empty.

What a small, vindictive, soul-less little bully he is.

And you know what's absurd?
In his press release, he wrote:
*"I've said everything there is to
say about Tim Eyman."* If that
were true, he wouldn't have sent
out another press release!

Since November 2018, I've asked
everyone to donate to my legal
defense fund so I can keep fighting
back against the AG's persecution.
I ask you to continue to support it.
Why?

- Because I'm committed to appealing these ridiculously unconstitutional restrictions so that what Bob Ferguson is doing to me and my family never happens to anyone else.

- Because Richard Sanders has done an exceptional job and his law firm is owed \$431,024.12 for defending me and appealing this case.

The 10 years of government investigation, litigation, and persecution of me and my family has drained me dry. It's cost me every dollar I've ever earned in my lifetime.

You'd think that Ferguson's blood lust would be satisfied by that. But no, he's gone ahead and assigned 6 lawyers to go after Karen! She's been forced to "lawyer up" to defend herself (the AG even wants to take away her modest IRA).

Ferguson even went after Karen's sister.

Why? Because she has allowed me rent a condo from her in Bellevue so I have a place to live.

Imagine you were the AG: would it even occur to you to use unlimited taxpayer money to try to destroy not just a political adversary but also their spouse, children, and relatives?

It's the AG's abuse of power that really demands this be appealed.

And yet despite all he's done to me and thanks to your prayers, love, and support, I'm still fighting (suing Inslee, suing Ferguson, targeting taxes in our state, and fighting for election integrity in 7 key swing states).

I'm working as hard as I can to give you VALUE for your financial support for my legal defense fund so I can appeal the AG's ridiculously unconstitutional restrictions on me. With your help, we'll make sure what he's doing to me and my family never happens to anyone else. I'm very grateful for your friendship and support.

Warmest Regards,

Tim Eyman
